

SRL Depot CHARGING STATION terms and conditions of use

Hire of the charging station is free on the condition that a minimum of 10 x 2 ways sets (20 signals) remain on either ad hoc or contract hire at all times.

If hire quantities reduce below 20 signals for more than 30 consecutive days SRL reserve the right to review the arrangement and may apply a hire charge of £100 per month for hire of the charging station

The charging station is not to be used as a work bench and is to be used for charging of SRL batteries only

No other devices or tools are to be connected or attached to the charging station at any time and will be removed if found

A maximum of 4 SRL chargers per bench may only be connected at one time

The PPE provided must be worn at all times

The unit will be inspected periodically by SRL and any damage will be rectified and invoiced accordingly

The hirer has the right to integrate the charging station into their own internal health & safety policies and procedures

Any operating issues or malfunctions must be reported to your local SRL depot immediately

I have received the charging bench in good order and understand the terms and conditions stated above.
